

Peer Review: Praise/Question/Suggestion/Response

Expectations What is it you hope to gain from peer review today? I hope to gain my peers' honest opinion on what sections in my portfolio should be improved.

Plans What practices might help you/your classmates attain those expectations? They could explain what techniques I could use in order to help fully develop my info. such as (ADAPT)

Procedure For this peer review, groups of three will follow these steps:
 1. Author: sets expectations; reads/explains Portfolio aloud
 2. Peers: write comments using rubric; share praise/questions
 3. Author: asks questions/responds to peer comments
 4. Peers: make suggestions/respond to author questions

Have you received comments about...?	Member1	Member2	Summarize those comments below
Thorough, specific use of details?	✓		Thoroughly described each definition of the goals & their examples.
Organization of evidence?	✓		Well organized, used different genres for each goal. * make sure to add the actual links
Genre conventions Examples provided and thoroughly explained for each goal	✓		yes, for each genre used there was an explanation to why I chose chose that genre specifically.
Techniques discussed in class? Project explanations for outsiders	✓		Used the 3 in's and also explained what they were.
3 INs for examples			

Reflection Now that you've received some comments, how will you address them when you revise your work? I will make sure to add my links in & make sure they are pdf's.

Evaluation Were your expectations met today? Why or why not? yes, because she reassured me that all my work was done correctly.
